Provider Notice – Corrected IRS Form 1099 for Tax Year 1999

The enclosed is a corrected IRS Form 1099 for the year **1999**. On the previously mailed IRS Form 1099, we inadvertently omitted all MediKids and Family Planning Waiver claim payments for your provider number during the 1999 tax year.

This is the information that has been reported to the Internal Revenue Service and must be used for your 1999 tax return. This may require an amended tax return for the tax year 1999. We apologize for any inconvenience this may have caused. If you have any questions, please contact Consultec at 850-201-1111.
