

RICK SCOTT
GOVERNOR

Better Health Care for all Floridians

ELIZABETH DUDEK
SECRETARY

Dear Medicaid Dental Provider:

Medicaid is pleased to announce that the Florida Legislature funded a 48.63% increase in reimbursement for dental procedures provided to children ages 0 to 20. This fee increase is effective July 1, 2011.

The new Dental General Fee Schedule effective July 1 is posted at www.mymedicaid-florida.com. Select "Public Information for Providers," then "Provider Support," then "Fee Schedules," and then "Dental General." The 0-20 Fee column indicates the reimbursement for dental procedures provided to children. Our area Medicaid offices can help you with any questions you may have about the fee schedule or dental coverage policy. The area offices also offer a variety of monthly training sessions for Medicaid providers. Each area office lists training details and area-specific information online at www.ahca.myflorida.com. Select "Medicaid," then the "Area Offices" tab.

If you know of dental colleagues who may wish to enroll as a Medicaid provider, please share with them that the enrollment applications and instructions are available online at www.mymedicaid-florida.com. Select "Public Information for Providers," then "Enrollment." Our area Medicaid offices are also available to assist providers with enrollment.

Thank you for providing critical dental services to Florida's most vulnerable citizens. We appreciate the work you do and stand ready to assist you with any questions you may have about Medicaid services.

Sincerely,

Beth Kidder, Chief
Bureau of Medicaid Services

BK/mc
