August 31, 2007

Dear Medicaid Providers:

Physicians, provider types (25, 26), Advanced Registered Nurse Practitioners (ARNP) (30), Physician Assistants (PA) (29), County Health Departments (CHD) (77), Rural Health Clinics (66), Federally Qualified Health Centers (FQHC) (68), and Children’s Medical Services (78).

Florida Medicaid will delay the revision to its billing procedures for reimbursement of immunization services until implementation of the new Florida Medicaid Management Information System (FMMIS) occurs in March 2008. Therefore, disregard the letter dated May 14, 2007. Additional information regarding reimbursement of immunization services will come at a later date.

The new Florida Medicaid Management Information System will have an interface with the Department of Health, Florida State Health Online Tracking System (SHOTS). All providers are encouraged to enroll in the statewide immunization registry at http://www.flshots.org/enrollment/index.html.

If you have any questions, please contact your Medicaid area office. Medicaid area office phone numbers are available at the Agency for Health Care Administration website at www.ahca.myflorida.com.

Sincerely,

Beth Kidder, Chief
Bureau of Medicaid Services
