

JEB BUSH, GOVERNOR

ALAN LEVINE, SECRETARY

April 29, 2005

Dear Provider:

The provider reimbursement process for Private Transportation (Provider Type 45) services has changed due to the implementation of the Medicaid Non-Emergency Transportation (NET) Services contract with the Florida Commission for the Transportation Disadvantaged. This contract is being phased in on a county-by-county basis over a four-month period starting November 1, 2004. All counties will be operating under the contract beginning March 1, 2005.

Under the contract, the Community Transportation Coordinator (CTC) for each county will pay non-emergency transportation providers for approved transportation services. It is essential that all Private Transportation providers (Provider Type 45) contact the CTC in their county of residence to arrange payment for transportation services. This also includes Medical Foster Care Parents (Provider Type 23) who provide private transportation services as Provider Type 45.

Claims filed with ACS for Medicaid Non-Emergency Transportation services provided on or after the contract start date for your county will be denied. Payment for these services will be made by the CTC in your county. Claims for services provided prior to the contract start date for your county should be filed with ACS as before.

You must contact the CTC as soon as possible to arrange for payment of transportation services. The method of payment is at the discretion of the CTC. They may pay mileage, per trip, by voucher, or by another method. The CTC may specify another appropriate mode of transportation.

The contract start date for each county is listed in Attachment A. Attachment B is a listing of the CTC's by county. You may also contact the Commission for the Transportation Disadvantaged at (850) 410-5700 or toll free at (866) 374-3368 ext. 5700 for additional information.

Sincerely,

Thomas W. Arnold
Deputy Secretary for Medicaid
