Introduction

MAPIR Release Version 6.2 is configured by default to require 90 days of Meaningful Use attestation for Program Years 2019 and higher.

Any incentive applications that were started prior to the installation of MAPIR Release Version 6.2 for a specific state will follow the processing logic that was in effect for the version of MAPIR that you are currently running.

With the implementation of Version 6.0, MAPIR benefited from a revised navigational approach for attestation. MAPIR Release Version 6.1 expands this approach to Stage 3 Objectives for Program Year 2018 incentive applications, and Modified Stage 2 and Stage 3 CQMs for 2018. Incentive applications started in Program Year 2019 or higher require attestation to Stage 3 Meaningful Use.

Use the selection process for determining the CQMs and Public Health Options that you are attesting to with the navigational approach. Once the selections are made, the navigational flow will display the first choice made in the selection process. The left margin will display all selected Public Health options or CQMs (as applicable) in a list and you will be free to navigate between options or CQMs. When you complete the option or CQM by selecting the Save and Continue button, MAPIR will progress to the next option or CQM that has not been saved. When the last option/CQM is saved, MAPIR will automatically return to the selection list.

Meaningful Use Objectives have no selection screen and you must complete all Objectives. Once you select the Begin button on the Splash Page for Meaningful Use Objectives screen, MAPIR will display the objectives with the navigation approach.

To review getting started with MAPIR, see

To review application submission and review, see

To review the MAPIR Review tab to Application Submission, see
Step 5  Attestation Part 2

This section will ask you to provide information about your *EHR System Adoption Phase*. The Adoption phase for 2018 is *Meaningful Use*.

This initial Attestation screen provides information about this section.

*Note:*

*The Adoption, Implementation, and Upgrade phases are not available in 2017 or higher.*

Click **Begin** to continue to the Attestation section.
Meaningful Use Phase

Select an EHR System Attestation phase for reporting Meaningful Use of Certified EHR Technology. The selections available to you will depend on the CEHRT ID entered.

MAPIR will display the applicable stage options available unless a default has been set. The default for Program Year 2019 is set to Meaningful Use (90 days).

Click **Save & Continue** to review your selection or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.
The Attestation EHR Reporting Period (Part 1 of 3) screen will display the 90-day period and the full year period. For Program Year 2017 or higher incentive applications, the default EHR Reporting Period will be a continuous 90-day period.

**Note:**
The Attestation EHR Reporting Period for Program Year 2016 and before will display the 90-day period or the full year period, depending on the selection made on the previous screen.

Enter a **Start Date** or use the calendar located to the right of the **Start Date** field.

Click **Save & Continue** to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.
A system calculated end date of 90 days will be generated from your chosen Start Date. Review your selection’s **Start Date** and **End Date**. Click **Save & Continue** to continue to the Attestation Meaningful Use Objectives screen or click **Previous** to go back.
Meaningful Use – Objectives and Measures

The screen on the following page displays the Measures Topic List. The Attestation Meaningful Use Objectives are divided into three distinct topics: General Requirements, Meaningful Use Objectives, and the Required Public Health Objective. The Clinical Quality Measures are available as either Manual Clinical Quality Measures or Electronic Clinical Quality Measures.

You may complete any of the four topics in any order.

While it is not required that you begin each topic in the order shown on the screen, this user guide will follow the order in which the topics are listed.

Click **Begin** to start a topic.

*Note:*

*Stage 3 and higher Attestation Objectives and Measures include a Navigational Panel as shown on the "Attestation Meaningful Use Objectives Navigation Panel" section of this manual.*

Meaningful Use General Requirements

Enter information in all required fields.

The denominator entered must be greater than or equal to the numerator entered. The numerator and denominator entries must be positive whole numbers.

Click **Save & Continue** to review your selection, click **Previous** to go back, or click **Reset** to restore this panel to the starting point or last saved data.

(*) Red asterisk indicates a required field.

1. **Numerator:** [ ]  **Denominator:** [ ]

2. **Numerator:** [ ]  **Denominator:** [ ]

(*) Please demonstrate that at least 50% of all your encounters occur in a location(s) where Certified EHR Technology is being utilized.

(*) Please demonstrate that at least 80% of all unique patients have data in this certified EHR during the EHR reporting period.
If all measures were entered and saved, a check mark will display under the Completed column for the topic as displayed in the example below. You can continue to edit the topic measure after it has been marked complete.

Click the **Edit** button to further edit the topic, click **Clear All** to clear all topic information you entered, or click **Begin** to start the next topic.
Step 5.1 Stage 3 MU

The screen below displays the Measures Topic List. The Attestation Meaningful Use Objectives are divided into three distinct topics: Meaningful Use Objectives (0-7), Required Public Health Objective (8), Manual Clinical Quality Measures or Electronic Clinical Quality Measures.

You may select any of the three topics and complete them in any order. All three topics must be completed.

If all measures were entered and saved, a check mark will display under the Completed column for the topic as displayed in the example below.

Click the Edit button to further edit the topic, click Clear All to clear all topic information you entered, or click Begin to start the next topic.

Meaningful Use Objectives

This screen provides information about the Meaningful Use Objectives for Stage 3 MU. Click **Begin** to continue to the Attestation Meaningful Use Objectives Navigation Panel.
Attestation Meaningful Use Objectives Navigation Panel

The following screen displays the Attestation Meaningful Use Objectives Navigation Panel.

Incomplete Objectives display without a checkmark and are listed in ascending order.

Select the hyperlinks on the left side of the Navigation Panel to display an associated Objective screen on the right side of the Navigation Panel.

A checkmark will display beside each completed Objective.

When all required fields have been entered for an Objective, Click the Save & Continue button to navigate to the next incomplete objective.

Successfully complete all the Meaningful Use Objectives and click the Save & Continue button to navigate to the Measures Topic List displayed on this manual.

Click Clear All Entries and select OK on the warning pop-up, to remove all previously saved data for the selected Objective, or Cancel, to continue working.

Click Return to Main to navigate to the "Meaningful Use – Objectives and Measures"

**Note:**

The Navigation Panel requires JavaScript to be enabled for your web browser. If JavaScript is disabled, the following message will display “It appears that JavaScript is disabled in your browser or not supported. Certain supplemental features in MAPIR require JavaScript. These features include optional Calendar controls, warnings of session expiration, confirmation before clearing certain measures, and confirmation of saving changes on Exit.”
Objective 0 – ONC Questions

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

![Image of the Objective 0 - ONC Questions section with multiple fields and question options.](image)
Objective 1 – Protect Patient Health Information

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Save & Continue** to proceed. Click **Return to Main** to access the main attestation topic list. Click **Clear All Entries** to remove entered data.

(*) Red asterisk indicates a required field.

Objective: Protect electronic protected health information (ePHI) created or maintained by the Certified Health Technology (CEHRT) through the implementation of appropriate technical, administrative, and physical safeguards.

Measure: Conduct or review a security risk analysis in accordance with the requirements under 45 CFR 164.308(a)(1), including addressing the security (including encryption) of data created or maintained by Certified EHR Technology in accordance with requirements under 45 CFR 164.312(b)(2)(v) and 45 CFR 164.306(d)(3), implement security updates as necessary, and correct identified security deficiencies as part of the provider's risk management process.

*Did you meet this measure?*

- [ ] Yes
- [ ] No

If Yes, please enter the following information:

**Date (MM/DD/YYYY):**

**Name and Title (Person who conducted or reviewed the security risk analysis):**
Objective 2 – Electronic Prescribing

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".
Objective 3 – Clinical Decision Support (CDS)

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".
Objective 4 – Computerized Provider Order Entry (CPOE)

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".
Objective 5 – Patient Electronic Access to Health Information

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".
Objective 6 – Coordination of Care Through Patient Engagement

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

---

**Objective 6 – Coordination of Care Through Patient Engagement**

Use Certified EHR Technology to engage with patients or their authorized representatives about the patient's care. Providers must attest to all three measures and must meet the thresholds for at least two measures to meet the objective.

**Exclusion 1:** An EP may exclude from the measure if they have no office visits during the EHR reporting period.

* Does this Exclusion apply to you? If ‘Yes’, do not complete Measure 1, 2 or 3. If ‘No’, complete Exclusion 2.
  ○ Yes ○ No

**Exclusion 2:** Any EP that conducts 50 percent or more of his or her patient encounters in a county that does not have 50 percent or more of its housing units with 4Gbps broadband availability according to the latest information available from the FCC on the first day of the EHR reporting period may exclude the measure.

Does the Exclusion apply to you? If ‘Yes’, do not complete Measure 1, 2 or 3. If ‘No’, complete Measure 1, 2 and 3.
  ○ Yes ○ No

**Measure 1:** During the EHR reporting period, more than 5 percent of all unique patients (or their authorized representatives) seen by the EP actively engage with the electronic health record made accessible by the provider and either: (1) View, download or transmit to a third party the patient’s health information; or (2) Access their health information through the use of an API that can be used by applications chosen by the patient and configured to the API in the provider’s certified EHR Technology; or (3) A combination of (1) and (2).

**Numerator 1:** Number of unique patients or their authorized representatives who have accessed their health information through the use of an API during the EHR reporting period.

**Denominator 1:** Number of unique patients seen by the EP during the EHR reporting period.

**Numerator 2:**

**Denominator 2:**

**Measure 2:** For more than 5 percent of all unique patients seen by the EP during the EHR reporting period, a secure message was sent to the patient or their authorized representative.

**Numerator 2:** Number of patients the denominator for whom a secure electronic message was sent to the patient or their authorized representative.

**Denominator 2:** Number of unique patients seen by the EP during the EHR reporting period.

**Measure 3:** Patient generated health data from a non-clinical setting is incorporated into the Certified EHR Technology for more than 5 percent of all unique patients seen by the EP during the EHR reporting period.

**Numerator 3:** Number of unique patients seen by the EP during the EHR reporting period.

**Denominator 3:** Number of unique patients seen by the EP during the EHR reporting period.
Objective 7 – Health Information Exchange (HIE)

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

---

*Figure 5-2: Health Information Exchange (HIE) exclusions*

**Note:**
If additional information is required, after answering the HIE exclusions, then MAPIR will navigate to the following screen when **Save & Continue** is selected.
Figure 5-3: Health Information Exchange (HIE) results
Step 5.2 Stage 3 Required Public Health Objective (8)

The revised navigational approach is effective for Stage 3 Required Public Health. If all measures were entered and saved, a check mark will display under the Completed column for the topic as displayed in the example below. You can continue to edit the topic measure after it has been marked complete.

Click the Edit button to further edit the topic, click Clear All to clear all topic information you entered, or click Begin to start the next topic.
This screen provides information about the Stage 3 Required Public Health Objective. Click **Begin** to continue to the Required Public Health Objectives Navigation Panel.
Required Public Health List Table

From the Required Public Health Objective Selection screen, choose a minimum of two Required Public Health Options to attest to.

If a measure is selected and information is entered for that measure, unselecting the measure will clear all information previously entered.

Click **Save & Continue** to proceed, or click **Return to Main** to go back. Click **Reset** to restore this panel to the starting point or last saved data.

The measures you select to attest to will display on the Required Public Health Objectives Navigation Panel as shown in the following page.

You must complete all the measures selected.
Required Public Health Objectives Navigation Panel

The following screen displays the Required Public Health Objectives Navigation Panel.

Incomplete Objectives display without a checkmark and are listed in ascending order.

Select the hyperlinks on the left side of the Navigation Panel to display an associated Objective screen on the right side of the Navigation Panel.

A checkmark will display beside each completed Objective.

When all required fields have been entered for an Objective, click **Save & Continue** to navigate to the next incomplete objective.

Successfully complete the Required Public Health Objectives and click **Save & Continue** to navigate to the "Meaningful Use – Objectives and Measures" displayed in this manual.
Click **Clear All Entries** and select **OK** on the warning pop-up, to remove all previously saved data for the selected Objective, or Cancel, to continue working.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures" displayed in this manual.

**Note:**
The Navigation Panel requires JavaScript to be enabled for your web browser. If JavaScript is disabled the following message will display: “It appears that JavaScript is disabled in your browser or not supported. Certain supplemental features in MAPIR require JavaScript. These features include optional Calendar controls, warnings of session expiration, confirmation before clearing certain measures, and confirmation of saving changes on Exit.”
Objective 8 Option 1 – Immunization Registry Reporting

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Previous** to navigate to the Required Public Health Objectives Selection screen.
Objective 8 Option 2 – Syndromic Surveillance Reporting

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Previous** to navigate to the Required Public Health Objectives Selection screen.

---

**Objective 8 Option 2 – Syndromic Surveillance Reporting**

Enter information in all required fields.

- Click **Save & Continue** to navigate to the next incomplete objective.
- Click **Clear All Entries** to remove all previously saved data.
- Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".
- Click **Previous** to navigate to the Required Public Health Objectives Selection screen.
Objective 8 Option 3 – Electronic Case Reporting

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Previous** to navigate to the Required Public Health Objectives Selection screen.

**Note:**

Beginning with the implementation of MAPIR Release 6.2, Program Year 2019 and higher Stage 3 incentive applications will require attestation for Objective 8 Option 3 – Electronic Case Reporting when an exclusion is chosen, and the minimum number of Objectives has not been successfully attested to.
Objective 8 Option 4A – Public Health Registry Reporting

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Previous** to navigate to the Required Public Health Objectives Selection screen.
Objective 8 Option 4B – Public Health Registry Reporting

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Previous** to navigate to the Required Public Health Objectives Selection screen.
Objective 8 Option 5A – Clinical Data Registry Reporting

Enter information in all required fields.

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Previous** to navigate to the Required Public Health Objectives Selection screen.

</table>

**Active Engagement Options:** If you have answered "Yes" above, please select one of the options listed below.

- [ ] Completed registration to submit data
- [ ] Testing and validation
- [ ] Production

**Exclusions:** If Option 5 is "No", then ALL of the Exclusions listed below must be answered. You may only select "Yes" for one exclusion. Any EP that meets one of the following criteria may be excluded from this objective.

- [ ] Does not diagnose or directly treat any disease or condition associated with a clinical data registry in their jurisdiction during the EHR reporting period.
  - [ ] Yes □ No
- [ ] Operates in a jurisdiction where no clinical data registry is capable of accepting electronic registry transactions in the specific standards required to meet the Certified EHR Technology definition at the start of the EHR reporting period.
  - [ ] Yes □ No
- [ ] Operates in a jurisdiction where no clinical data registry for which the EP is eligible has declared readiness to receive electronic registry transactions as of 6 months prior to the start of the EHR reporting period.
  - [ ] Yes □ No

Click **Save & Continue** to navigate to the next incomplete objective.

Click **Clear All Entries** to remove all previously saved data.

Click **Return to Main** to navigate to the "Meaningful Use – Objectives and Measures".

Click **Previous** to navigate to the Required Public Health Objectives Selection screen.
Step 5.3 Clinical Quality Measures (CQMs) – Stage 3

The revised navigational approach is effective for Stage 3 Clinical Quality Measures. If all measures were entered and saved, a check mark will display under the Completed column for the topic as displayed in the example below. You can continue to edit the topic measure after it has been marked complete.

Click the Edit button to further edit the topic, click Clear All to clear all topic information you entered, or click Begin to start the next topic.

A check mark will display under the Completed column for the topic. You can continue to edit the topic measure after it has been marked complete.

Click Select to start the Manual Clinical Quality Measures or Electronic Clinical Quality Measures.

Note: The selection of Electronic Clinical Quality Measures is configurable by states. If this configurable setting is disabled then only Manual Clinical Quality Measures selection will be available.
If Electronic Clinical Quality Measures is selected a ✔ will appear on the Measures Topic List.
To cancel Electronic Clinical Quality Measure selection and choose Manual Clinical Quality Measures, click the **Cancel** button and then click **OK** on the pop-up message window.
To select Manual Clinical Quality Measures, click the **Begin** button.
Manual Clinical Quality Measures
This initial screen provides information about the Manual Clinical Quality Measures.
Click Begin to continue to the Meaningful Use Core Clinical Quality Measure Worklist Table.
**Meaningful Use Clinical Quality Measure Worklist Table**

There is a total of 50 Meaningful Use Clinical Quality Measures available for you to attest to. From the Meaningful Use Clinical Quality Measures Worklist Table, choose a minimum of six CQMs.

If none of the CQMs in the Outcome table are relevant to your scope of practice, then you **MUST** select the acknowledgement checkbox. Once the acknowledgement checkbox is selected then you **MUST** either select one or more CQMs from the High Priority table **OR** select the acknowledgement checkbox for High Priority CQMs.

If one or more of the Outcome CQMs are relevant to your scope of practice and are selected, then you do not need to select any CQMs from the High Priority table **OR** select the acknowledgement checkbox for High Priority CQMs.

If none of the CQMS in the Outcome table OR the High Priority table are relevant to your scope of practice **AND** the acknowledgement checkboxes for both associated tables have been selected, then you **MUST** select six (6) CQMs from the Other table.

You can sort and view the CQMs by NQF or CMS number by selecting the sort arrows for each table. Each table sorts the CQM NQF and CMS number independently from the other.

The screen shot below shows the instructional text for the Meaningful Use Clinical Quality Measures and is not a complete listing of all available CQMs.

Attestation MU Clinical Quality Measure Navigation Panel

The screen below displays the Attestation MU Clinical Quality Measure Navigation Panel. This screen displays the Meaningful Use Clinical Quality Measures you selected on the previous screen.

Incomplete Objectives display without a checkmark and are listed by the NQF or CMS sort order chosen on the EP Attestation MU Clinical Quality Measures Selection screen.

Select the hyperlinks on the left side of the Navigation Panel to display an associated Objective screen on the right side of the Navigation Panel.

A checkmark will display beside each completed Objective.

When all required fields have been entered for an Objective, click the Save & Continue button to navigate to the next incomplete objective.

Successfully complete all the Clinical Quality Measures and click the Save & Continue button to navigate to the Measures Topic List displayed on page this manual.

Click Clear All Entries and select OK on the warning pop-up, to remove all previously saved data for the selected Objective, or Cancel, to continue working.

Click Return to Main to navigate to the Measures Topic List displayed on this manual.
Note:
The Navigation Panel requires JavaScript to be enabled for your web browser. If JavaScript is disabled, the following message will display “It appears that JavaScript is disabled in your browser or not supported. Certain supplemental features in MAPIR require JavaScript. These features include optional Calendar controls, warnings of session expiration, confirmation before clearing certain measures, and confirmation of saving changes on Exit.”

If all measures were entered and saved, a check mark will display under the Completed column for the topic. You can continue to edit the topic measure after it has been marked complete.

The screen on the following page displays the Measures Topic List with all four meaningful use objective topics marked complete. Click Save & Continue to view a summary of the Meaningful Use Objectives you attested to.
Step 5.4 Meaningful Use Measures Summary

This screen displays a summary of all entered meaningful use attestation information.

Review the information for each measure. If further edits are necessary, click Previous to return to the Measures Topic List where you can choose a topic to edit.

If the information on the summary is correct, click Save & Continue to proceed to "Attestation Phase (Part 3 of 3)".

</tbody>
</table>

Activities related to supporting providers with the performance of Certified EHR Technology:
- Question 1 = Yes
- Question 2 = Yes Yes
- Question 3 = Yes
- Question 4 = Yes Yes

Actions related to supporting information exchange and the prevention of health information blocking:
- Question 1 = Yes
- Question 2 = Yes Yes Yes Yes
- Question 3 = Yes

Step 5-45
Copyright © 2020. All rights reserved.
### Objective 6
Use Certified EHR Technology to engage with patients or their authorized representatives about the patient’s care. Providers must attest to all three measures and must meet the thresholds for at least two measures to meet the objective.

**Exclusion 1 = Excluded**

### Objective 7
The EP provides a summary of care record when transitioning or referring their patient to another setting of care, receives or retrieves a summary of care record upon the receipt of a transition or referral or upon the first patient encounter with a new patient, and incorporates summary of care information from other providers into their EHR using the functions of Certified EHR Technology. Provider must attest to the measure (c) listed below.

**Exclusion 1 = Excluded**
**Exclusion 2 = Excluded**
**Exclusion 3 = Excluded**

Step 5.5 Attestation Phase (Part 3 of 3)

Part 3 of 3 of the Attestation Phase contains a question regarding assignment of your incentive payment and confirmation of the address to which the incentive payment will be sent.

Click the Yes radio button to confirm you are receiving this payment as the payee indicated or you are assigning this payment voluntarily to the payee and that you have a contractual relationship that allows the assigned employer or entity to bill for your services.

Click the Payment Address radio button from the list below to be used for your Incentive Payment.

Click Save & Continue to review your selection, click Previous to go back, or click Reset to restore this panel to the starting point or last saved data.

<table>
<thead>
<tr>
<th>Name</th>
<th>Applicant NPI</th>
</tr>
</thead>
<tbody>
<tr>
<td>Personal TIN/SSN</td>
<td>Payee TIN</td>
</tr>
<tr>
<td>Payment Year</td>
<td>Program Year</td>
</tr>
</tbody>
</table>

---

When ready click the Save & Continue button to review your selection, or click Previous to go back. Click Reset to restore this panel to the starting point.

(*) red asterisk indicates a required field.

* Based on the information received from the R&A, you requested to assign your incentive payment to the entity above (Payee TIN). Please confirm that you are receiving that payment as the payee indicated above or you are assigning this payment voluntarily to the payee above and that you have a contractual relationship that allows the assigned employer or entity to bill for your services.

NOTE: If you wish to assign your payment and did not indicate this when you applied to the R&A then you must return to the R&A to correct this information.
This screen confirms you successfully completed the Attestation section.  

Note the check box in the Attestation tab.  

Click **Continue** to proceed to the **Review** tab.
