Dear Medicaid Services Recipient:

Medicaid has a Hospitalist program in Miami-Dade and Palm Beach Counties in certain hospitals that serve Medicaid patients.

A hospitalist is a doctor who will handle your care while you are in the hospital. This doctor spends most of the day at the hospital. If you choose to be admitted to one of the hospitals listed below, the hospitalist doctor will handle your care for you instead of your primary care physician (PCP) while you are in the hospital. The hospitalist doctor and your PCP will be in contact during your hospitalization and on the date of your discharge to discuss your care. When discharged, you will return to the care of your PCP. If you are not satisfied with the care received from the hospitalist physician, you will have the right to file a grievance or request a hearing.

The list of hospitals and Hospitalist companies in your area is:

Estimado Cliente de Medicaid:

Medicaid tiene un programa llamado “Hospitalist” en los condados de Miami-Dade y Palm Beach en ciertos hospitales que proveen servicios a los pacientes de Medicaid.

Un doctor “hospitalist” es un doctor que va a coordinar sus servicios de salud mientras usted está en el hospital. Este doctor pasa la mayoría del día en el hospital. Si usted elige ser admitido a uno de los hospitales participantes indicados abajo, el doctor “hospitalist” coordinará sus servicios de salud en lugar de su doctor de cabecera (PCP) mientras usted está en el hospital. Su doctor “hospitalist” y su doctor PCP estarán en contacto en el día de su admisión, durante su hospitalización, y en el día de su salida para coordinar sus servicios de salud. Cuando usted salga del hospital, usted volverá a ser tratado por su doctor PCP. Si usted no está satisfecho con los cuidados recibidos del doctor “hospitalist,” usted tiene el derecho de someter una queja o pedir una vista o audiencia administrativa.

Los hospitales y compañías de doctores “hospitalist” en su area son:
